

SOME PERCUSSION ENSEMBLE INFORMATION

SUPPLIES (may be purchased at almost any music store)

Students must bring with them the following:

- A drum pad: between 8 and 12 inches in diameter.

Do not bring a drum of any kind.

- A pair of drumsticks:

Suggested sticks are either:

Vic Firth general stick (SD1) or a slightly smaller stick (5B)

If other sticks are purchased, please make sure that they are wood-tipped sticks, not nylon-tipped.

MUSIC

Copies of the pieces we will be performing will be handed out to students within the first few weeks of ensemble. Additionally, copies will be made available for download online (in the event that a student misplaces their copy). This music should be brought to each rehearsal of the percussion ensemble.

I will try to make available both downloadable and streaming audio versions of the pieces to be performed to give students another aid in learning their concert pieces.
